COMPANY INFORMATION

FOR THE YEAR ENDED 31 DECEMBER 2022

DIRECTORS:	Hans Niemi Xavier Valero Karen Thomson
SECRETARY:	Line Secretaries Limited
REGISTERED OFFICE:	57/63 Line Wall Road Gibraltar
REGISTERED NUMBER:	109414
AUDITORS:	AMS Limited Suite 16 Water Gardens 5 Gibraltar

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2022

The directors present their annual report and audited accounts for the year to 31 December 2022.

Activities and review of business

The Company's principal activity is rental of the luxury yacht hotel docked at Ocean Village in Gibraltar to its sister company Sunborn (Gibraltar) Resort Limited, which runs the operations in accordance with a lease contract. The Yacht hotel is equipped with 189 cabins, including 22 suites. There are also conference facilities for up to 400 delegates, restaurants, bars fitness center, spa and lounges inside the Yacht hotel.

The Directors consider that the level of business during the year was satisfactory. It is expected that this level of activity will continue improving in the following year.

Results and dividends

The Company has made a loss of £ 513,718 for the year (2021: profit £ 474,213).

The directors do not recommend the payment of a dividend.

Directors

The director who served office during the whole of the period 1 January 2022 to the date of this report were as shown on page 1.

Financial risk management

The Company's activities expose it to a variety of financial risks. In particular, the exposure to market risk (including interest rate risk and foreign currency risk), credit risk, liquidity risk and refinancing risk, which has been disclosed in note 3 to the financial statements.

Going concern

Matters in relation to going concern are addressed in note 2.1 to the financial statements.

Corporate governance

The directors have opted to apply the provisions of Section 251(8) of the Companies Act 2014, and not disclose the corporate governance requirements.

Statement of directors' responsibilities

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year which meet the requirements of the Gibraltar Companies Act 2014. In addition, the Directors have elected to prepare the financial statements in accordance with the UK adopted International Financial Reporting Standards.

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2022 (Continued)

Statement of director's responsibilities - Continued

The financial statements are required by law to give a true and fair view of the state of affairs of the company and the profit and loss of the company for that period. In preparing these financial statements, the directors are required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on the going concern basis, unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act and other applicable legislation. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of disclosure to auditors

So far as the directors are aware, there is no relevant audit information of which the company's auditors are unaware. Additionally, the directors have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditors are aware of that information.

Auditors

AMS Limited are willing to stand for reappointment at the next Annual General Meeting.

Hans Niemi Director

26th April 2023

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Sunborn (Gibraltar) Limited** (the Company), for the year ended 31 December 2022, which comprise the statement of financial position, the statement of comprehensive income, statement of cash flows, the statement of changes in shareholders' equity, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2022 and
 of the loss and cashflows for the year then ended;
- have been properly prepared in accordance with the UK adopted International Financial Reporting Standards; and
- have been prepared in accordance with the Companies Act 2014.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material uncertainty relating to going concern

In forming our opinion on the financial statements, which is not qualified, we have considered the adequacy of the disclosure made in Note 2 to the accounts concerning the Company's ability to continue as going concern. As explained in Note 2 to the accounts, indicate the existence of a possible uncertainty which may cast doubt about the Company's ability to continue as going concern. The financial statements do not include the adjustments that would result if the Company was unable to continue as going concern.

Audit approach

Materiality

Overall materiality: £816,290 which represents 1 % of total assets of the Company.

Key audit matters

- Going concern
- Revenue recognition
- Investment property valuation

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the financial statements. In particular, we considered where management made subjective judgements; for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain.

Our application of materiality

The scope of our audit was influenced by our application of materiality. An audit is designed to obtain reasonable assurance whether the financial statements are free from material misstatement. Misstatements may arise due to fraud or error. They are considered material if individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements. Based on our professional judgement, we determined certain quantitative thresholds for materiality, including the overall materiality for the financial statements as set out in the table below. These, together with qualitative considerations, helped us to determine the scope of our audit and the nature, timing and extent of our audit procedures and to evaluate the effect of misstatements on the financial statements as a whole.

Overall materiality	£816,290
How we determined it	1 % of the Total assets of the Company.
Rationale for the materiality benchmark applied	We have applied the Total assets benchmark as, in our view, it is the key driver for the principal users of the financial statements. We also believe this will provide an appropriate and consistent year-on year basis for our audit.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) we identified, including those which had the greatest effect on: the overall audit strategy, the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter in the audit of the company	How our audit addressed the key audit
	matter
Going Concern	
Refer to Accounting policies and note 2.1. As noted by the director on note 2.1, the financial statements are prepared on a going concern basis. This basis is supported by several assumptions and continued financial support from its parent company.	Our audit procedures covered discussion with management about his assessment of the company's ability to continue as a going concern and management's future plans. We considered management going concern assessment and assumptions.

Key audit matters - continued

Key audit matter in the audit of the company	How our audit addressed the key audit matter
Revenue recognition	
Refer to Accounting policies and note 5. Revenue consists of rental income from lease contract. Rental income is booked as a revenue as straight-line basis based on the lease contract.	We reviewed the appropriateness of the company's accounting policies regarding revenue recognition. We assessed compliance with policies in terms of applicable accounting standards. In audit of revenue recognition, we focused on lease agreement. We tested the booked revenue by comparing it to the lease agreement.
Valuation of investment property	
Refer to Accounting policies and note 8.	We reviewed the company's process and control environment for investment
Company's investment property consists of a Yacht hotel.	property.
	We assessed the management's ability to make assumptions and estimations when assessing the recoverable amount of investment property. In our assessment, we focused on cash flow forecast, useful lifetime of investment property and to the discount rate.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of the directors for the financial statements

The directors are responsible for the preparation of financial statements that give a true and fair view in accordance with applicable law in Gibraltar and International Financial Reporting Standards as adopted for use in the European Union, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Auditor's Responsibilities for the Audit of the Financial Statements - continued

 Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

Opinion on other matter prescribed by the Companies Act 2014

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Directors' Report has been prepared in accordance with the requirements of the Companies Act 2014.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the Directors' Report.

Matters on which we are required to report by exception

26

We have nothing to report in respect of the matter where the Companies Act 2014 requires us to report to you if, in our opinion, we have not received all the information and explanations we require for our audit.

Use of our report

This report, including the opinion, has been prepared for and only for the company's members as a body in accordance with Section 257 of the Companies Act 2014 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

1. General information

Sunborn (Gibraltar) Limited (the 'Company') is a private company limited by shares incorporated and registered in Gibraltar. The registered address of Sunborn (Gibraltar) Limited is 57/63 Line Wall Road, Gibraltar and its business address is 35 Ocean Village Promenade, Gibraltar.

Sunborn (Gibraltar) Limited owns a luxury yacht hotel docked at Ocean Village in Gibraltar, which it has leased to its sister company Sunborn (Gibraltar) Resort Limited, who runs the operations in accordance with a lease contract. The Yacht hotel is equipped with 189 cabins, including 22 suites. There are also conference facilities for up to 400 delegates, restaurants, bars fitness center, spa and lounges inside the Yacht hotel. The Company had no employees in 2021 and 2022. The Company is wholly owned by Sunborn (Gibraltar) Holdings Limited and its ultimate parent is Sunborn Oy, a company registered in Finland and owned by the Niemi family who are also based in Finland. Sunborn Oy focuses on the development of luxury spa and yacht hotels, restaurants and other high-quality property, and has more than 50 years of experience in the hospitality sector.

2. Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. All amounts in the notes are shown in Pounds Sterling (£), unless otherwise stated.

2.1 Basis of preparation

These financial statements have been prepared in accordance with the International Financial Reporting Standards of the International Accounting Standards Board (IASB) and as adopted by the UK (IFRS) and the interpretations of the International Financial Reporting Standards Interpretations Committee (IFRS IC). The financial statements have been prepared on a historical cost basis, unless otherwise stated.

Gibraltar legislation applied in the preparation of these financial statements is the Companies Act 2014.

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 4.

The financial statements are presented in Sterling Pounds (£), which is also the Company's functional currency and economic environment in which its trades.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022 - continued

2. Summary of significant accounting policies – continued

2.1 Basis of preparation – continued

Going concern

The Company has incurred net losses consisting mainly of depreciation and unrealised foreign exchange rate differences arising from the borrowings. The Company's sole purpose is to own the vessel "Sunborn Gibraltar Yacht" and lease the vessel out to Sunborn Gibraltar Resort Limited through an internal bareboat agreement. The Company has primarily relied upon financing raised through the borrowings from the group companies and bonds from external parties as well as from shares issued to the parent company Sunborn (Gibraltar) Holdings Limited.

The financial information in these financial statements has been prepared on a going concern basis, which assumes that the Company will continue in operational existence for the foreseeable future. Moreover, the company's ultimate parent has confirmed its willingness to provide financial support to allow the company to operate and meet its liabilities as and when required.

2.2 Changes in accounting policy and disclosures

(a) New and amended IFRS standards adopted by the company

There were no new standards effective during the year ended 31 December 2022. Three standards have been amended and are effective as of 2022 as set out below. These have not impacted the current year financial statements.

Amendments to IFRS 3	Definition of a business
Amendments to IAS 16	Property, plant and equipment
Amendments to IAS 37	Provisions, contingent assets and liabilities

(b) New standards, interpretations and amendments to existing standards in issue but not yet effective

Several standards and interpretations were in issue and adopted by the UK, but not yet effective, up to the date of issuance of the Company's financial statements. The Company has not early adopted any standards, interpretations or amendments. None of the new standards, amendments and interpretations to standards are expected to have a significant impact on the Company's financial statements.

Amendments to IAS 1 and IAS 8	Definition of material
Amendments to IAS 12	Income taxes

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022 - continued

2. Summary of significant accounting policies - continued

2.2 Changes in accounting policy and disclosures - continued

2.3 Foreign currency translation

(a) Functional and presentation currency

Items included in the Company's financial statements are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The Company's financial statements are presented in Pounds Sterling (£), which is the Company's functional and presentational currency.

2.3 Foreign currency translation - continued

(b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Assets and liabilities denominated in foreign currencies are translated into the functional currency at the rate of exchange ruling on the balance sheet date. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the finance items in the statements of comprehensive income.

2.4 Investment property

The Company's vessel (converted to a Yacht Hotel) which is leased out under operating lease is presented as investment property in the balance sheet because of the vessel's physical characteristics resembling that of a building (walls, floors, roof, windows), permanently moored at Ocean Village, in Gibraltar and that the future rental cash flows to be earned from the vessel depend largely upon its permanent location.

An investment property is measured initially at its cost. Directly attributable transaction costs are included in the initial measurement. The Company has measured the investment property at fair value as at 1 January 2016, as the Company has applied the exemption provided in IFRS 1 to use the fair value of the investment property as deemed cost at the date of transition to IFRS. Any improvement costs for the renovation and repair that add value to vessel are capitalized as additions to the vessel and depreciated over the shorter of the improvements' estimated useful lives or that of the Yacht hotel.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022 - continued

2. Summary of significant accounting policies - continued

2.4 Investment property - continued

Subsequently, the investment property is carried at cost less any accumulated depreciation and any accumulated impairment losses. Depreciation is calculated using the straight-line method to allocate the cost to the residual value over their estimated useful lives. The estimated useful life of the vessel divided to its significant components is presented in the table below:

Vessel - 50 years (increase from 40 years – see note 4.1)

Vessel improvements - shorter of remaining life of the vessel or useful life of the vessel improvement (3 to 25 years)

Furniture and fittings - 10 years

The Yacht hotel's residual value is estimated to be £ 20 million. The useful economic lives, residual values and the depreciation methods adopted are reviewed by the director annually.

All repairs and maintenance costs are charged to the statement of the comprehensive income during the financial year in which they are incurred.

Investment property are subject to an impairment review if there are events or changes in circumstances which indicate that their carrying amount may not be recoverable in full. The impairment review comprises a comparison of the carrying amount of the assets with their recoverable amount, which is the higher of net realisable value and value in use. The carrying value of an asset is written down by the amount of any impairment and this loss is recognised in the statement of the comprehensive income in the year in which it occurs. If an external event gives rise to the reversal of an impairment loss, the reversal is recognised in the profit and loss account by increasing the carrying amount of the asset in the year in which it occurs.

2.5 Property, plant and equipment

Property, plant and equipment are stated at purchase cost less accumulated depreciation and/or accumulated impairment losses, if any.

The estimated cost and accumulated depreciation of replaced or refurbished components are written off and any resulting losses are recognised in the Statement of Comprehensive Income. Depreciation is calculated using the straight-line method to allocate their cost to their estimated residual values over their estimated useful lives.

The useful economic life of the motor vehicle is 3 years.

The useful economic lives, residual values and the depreciation methods adopted are reviewed by the management annually.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022 - continued

2. Summary of significant accounting policies - continued

2.6 Financial instruments - Financial Instruments: Recognition and Measurement

Loan and receivables are initially recognised when they are originated. Other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instruments. Financial instruments carried on the statement of financial position include loan receivables, other receivables, cash and cash equivalents, and borrowings and other payables. The particular recognition methods are disclosed in the individual policy statements associated with each item.

(a) Loan receivables

Loan receivables are stated at proceeds issued net of transactions costs.

(b) Other receivables

Other receivables are stated at cost.

(c) Cash and cash equivalents

Cash comprises cash at bank. Cash equivalents are short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

(d) Borrowings and other payable

Other payables are recognised at their nominal value.

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently carried at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the income statement as interest expense over the period of the borrowings using the effective interest method.

Fair value measurement principles

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date.

The Company measures the fair value of an instrument, using valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs, if there is no quoted price in an active market. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

2.6 Financial instruments - Financial Instruments: Recognition and Measurement - continued

Amortised cost measurement principles

The amortised cost of a financial asset or liability is the amount at which the financial asset or liability is measured at initial recognition, minus principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between the initial amount recognised and the maturity amount, minus any reduction for impairment.

Impairment

Financial assets that are stated at cost or amortised cost are reviewed at each reporting date to determine whether there is objective evidence of impairment. If any such indication exists, an impairment loss is recognised in the statement of profit or loss and other comprehensive income as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate.

If, in a subsequent period, the amount of an impairment loss recognised on a financial asset carried at amortised cost decreases and the decrease can be linked objectively to an event occurring after the write-down, the write-down is reversed through the statement of profit or loss and other comprehensive income.

Derecognition

A financial asset is derecognised when the Company no longer has control over the contractual rights that comprise that asset. This occurs when the rights are realised, expire or are surrendered. A financial liability is derecognised when it is extinguished or when the obligation specified in the contract is discharged, cancelled or expires.

Assets held for trading that are sold are derecognised and the corresponding receivables from the buyer for the payment are recognised as of the date the Company commits to sell the assets. The Company uses the average cost method to determine the gain or loss on derecognition.

Offsetting

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position when, and only when, the Company has a legal right to set off the recognised amounts and it intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

2.7 Share capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022 - continued

2. Summary of significant accounting policies - continued

2.8 Recognition of rental income

The Company recognises rental income from renting out the Yacht hotel "The Sunborn Gibraltar" to Sunborn (Gibraltar) Resort Limited based on yearly payments determined by the contracting parties. The lease of the Yacht hotel is classified as operating lease since the Company retains a significant share of risks and rewards of ownership. Rental income from operating leases is recognised on a straight-line basis over the lease term.

2.9 Operating lease

Leases that do not transfer all the risks and rewards of ownership are classified as operating leases. Income derived under this type of lease is recognised to the statement of comprehensive income on a straight-line basis over the period of the lease.

2.10 Segment reporting

The Company only has one operation (owning and leasing the Yacht hotel), so it constitutes a single operating segment. The chief operating decision maker is determined as the Board of Directors of the Company who monitors the result of the Company after its establishment based on the rental income generated from the lease agreement less operating expenses.

2.11 Current and deferred income tax

The company had tax losses since its inception therefore has not recorded any tax expense during these periods to 31 December 2022. Income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company operates and generates taxable income.

Deferred income tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. Deferred income tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022 - continued

3. Risk management

3.1 Financial risk factors

The Company's financial risks related to business are market risk (including interest rate risk and foreign currency risk), credit risk, liquidity risk and refinancing risk. Financial risk management carried out by the management of the Company aims to protect the Company against unfavourable developments in the financial markets and ensure the performance. The management review financial risks on regular basis to manage financial risk position and decide on necessary actions.

(a) Foreign exchange risk

The objective of foreign exchange risk management is to reduce the uncertainty caused by fluctuations in foreign exchange rates in the Company's profit and loss, cash flows and balance sheet to an acceptable level for the Company.

A large portion of the Company's income is denominated in Sterling Pounds. The Company is exposed to foreign currency risk, inter alia, through the Bonds, which are denominated in Euro. The Company's exchange rate exposures have been partly hedged at Group level and therefore to the extent that foreign exchange rate exposures are not hedged, any fluctuations in currencies may adversely affect the Company's financial results in ways unrelated to its operations. These developments could have an adverse effect on the Company's business, financial position, results of operations and future prospects and thereby, on the Company's ability to fulfil its obligations under the Bonds.

The depreciation of the exchange rate should be significant before it would weaken the Company's debt service capacity going forward. The management of the Company continuously monitors the development of the GBP/EUR exchange rate and decides on necessary actions to be taken. The EUR denominated borrowings and cash balances on the balance sheet in the periods presented are as follows:

GBP thousand	31 Dec 2022	31 Dec 2021
Senior Bond	(51,699)	(48,980)
Cash and cash equivalents	49	642

At 31 December 2022, if the Sterling Pound (£) strengthened/weakened by 5% against the Euro, unrealized exchange gain/loss for the year would have been £ 2,914,500 higher/lower. Due to the risk of Sterling/Euro depreciation and potential impact to the Company's debt service capacity, management have arranged the possibility with group's ultimate parent company, Sunborn Oy, to use an open window forward rate contract and this facility is available if desired.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022 - continued

3. Risk management - continued

3.1 Financial risk factors – continued

(b) Interest rate risk

The interest rate of the Company's borrowings during the periods presented is bound to 3-month Euribor. The nominal value of the bonds is EUR 58.0 million in total and they carry interest at rate of 6.972 % as at December 31, 2022 consisting of margin of 5.0 % plus 3-month Euribor at 1.972 %. Cash and cash equivalents do not carry significant interest.

If the Euribor had increased 50 basis points higher or lower during the periods presented, that would have had EUR 290,000 (£ 256,705) impact on the interest expense or interest income. Interest rate risk has not been hedged. The management of the Company monitors changes in the interest rate level and its possible impact on future cash outflows. The need for any hedging activity is assessed continuously.

(c) Credit risk

Credit risk is the risk that the other party to the loans and receivables will cause a financial loss for the Company by failing to discharge an obligation. Credit risk arises from rental receivables from Sunborn (Gibraltar) Resort Limited and cash and cash equivalents and the cash deposit held (cash collateral) at banks.

The Company has leased the Yacht hotel to its sister company, Sunborn (Gibraltar) Resort Limited, under a long-term lease contract. The lease receivables from Sunborn (Gibraltar) Resort Limited amounted to approximately £1.58 million on 31 December 2022 (2021: £1.8 million). These receivables carry normal credit risk related to intra-group receivables. Financial activities of the group companies are directed by common management.

Cash and cash equivalents are held in reputable Gibraltar banks, whose credit ratings are strong.

There are no past due or impaired receivables on the Company's balance sheet.

(d) Liquidity risk and refinancing risk

Liquidity risk is the risk that existing funds and borrowing facilities become insufficient to meet the Company's business needs or high extra costs are incurred for arranging them. Refinancing risk is the risk that refinancing of the existing borrowings and/or raising new funding will not be available or is available at high price.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022 - continued

3. Risk management - continued

3.1 Financial risk factors – continued

(d) Liquidity risk and refinancing risk – continued

Prudent liquidity risk management implies maintaining sufficient cash, and the availability of adequate funding. In the long—run the principal source of liquidity is expected to be the cash flow generated by the lease agreement. The Company's liquidity position is monitored by the management of the Company. The business related to the vessel is estimated to be profitable without non-cash item depreciation and the lease term in the lease agreement is for approximately 7 years as at 31 December 2022.

The bond terms include an interest cover ratio covenant of EBITDA which requires the Company to generate EBITDA minimum of 1.1 times the net finance to maintain profitability and a cash requirement covenant, which requires the Company to maintain the cash minimum of upcoming 3 months interest payment The financial covenants are measured quarterly, and the Company has not breached the covenant.

A summary table with maturity of the financial liabilities is presented below. The amounts disclosed in the tables below are the contractual undiscounted cash flows including the interest payments. The interest payments are calculated based on the interest rate level on 31 December 2022.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022 - continued

3. Risk management - continued

3.1 Financial risk factors – continued

(d) Liquidity risk and refinancing risk – continued

The refinancing risk is managed by securing the refinancing early enough. The Company's long-term financing is secured by bond financing, which matures in March 2024, as further described in note 13 Borrowings. Management believes that the committed, long term lease contract safeguards the Company's ability to obtain long term financing. The committed lease contract period continues after the maturity of the bonds for approximately 5 more years.

3.2 Capital risk management

Capital of the Company as monitored by the management consists of borrowings and equity as shown in the balance sheet.

The capital management is based on the evaluation of essential risks concerning the Company. The management of the Company monitors equity ratio. Capital of the Company is managed through equity instalments and if required the group company loans may be converted to equity to strengthen the capital structure of the Company.

The bond terms include an asset cover ratio covenant, which requires the Company, together with the guarantor, to maintain the asset cover ratio of minimum 140%. The covenant is calculated based on the market value of the yacht hotel calculated by approved shipbroker appointed by the Company and approved by the bond trustee, divided by financial indebtedness of the Company. The Company has during the year not breached the covenant.

4. Critical accounting estimates and judgements

The preparation of financial statements in compliance with IFRS requires making estimates and assumptions. Application of accounting policies requires making judgements. The estimates and underlying assumptions are reviewed on an ongoing basis. The estimates and assumptions, and judgements are based on historical experience and various other factors, including projections of future events, which are believed to be reasonable under current circumstances.

4.1 Useful life and residual value of the Vessel

The vessel has been built as permanently floating real-estate and hull and structure is designed to have a technical lifespan of over 70 years, subject to normal maintenance and upkeep over the lifespan. In addition to the high technical specification of the hull and its protection systems, the vessel is typically moved only once every 10 to 15 years for refitting and is not normally subjected to adverse sea conditions, salt water, and friction. As a non-moving vessel, it will not be impacted by encounters with land or vessels.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022 - continued

4. Critical accounting estimates and judgements – continued

4.1 Useful life and residual value of the Vessel – continued

Management of the Company make estimates on the depreciation period and residual value of the vessel. The management had previously estimated that the useful life of the vessel was 40 years for the hull and structure and 10 years for the interior and fittings.

Management have reassessed this estimate during 2022. Supported by external evidence, management have estimated the useful life of the Yacht hotel to be in excess of 50 years with a residual value of £ 20 million at the end of the useful life.

Should certain factors or circumstances cause the Company to revise its estimates of the Yacht hotel's useful live or projected residual value, depreciation expense could be materially higher or lower. If the estimated average vessel's useful life had reduced or increased by one year, depreciation expense for 2022 would have increased/decreased by approximately £ 154,965.

5. Rental income from group company

Rental income comprises income generated from lease of its vessel, which was refurbished into a Yacht hotel, to its sister company Sunborn (Gibraltar) Resort Limited. The lease term is 10 years with fixed monthly lease from 1 June 2017 and in force until terminated by the company subject to three months' prior notice.

At 31 December 2022, the future minimum lease payments from the lease contract are as follows:

	2022	2021
	£	£
Within one year	795,000	795,000

The vessel is registered in Finland but located in Gibraltar, where it is leased under a lease agreement to Sunborn (Gibraltar) Resort Limited, which runs the hotel operations of the Yacht hotel. Sunborn Gibraltar is responsible for the maintenance, the mooring fee, certain insurances, marketing of the vessel and any other such operational costs for operating the Yacht hotel. The Company has thus no risk on operating the Yacht hotel, being only responsible for certain insurances and maintaining the hull. The highest and best use of the investment property does not differ from its current use.

On 25th June 2022, the vessel was valued by an externally qualified surveyor at €111,650,000 (£99,687,500).

11. Share capital		
Authorised:	2022	2021
3,000 ordinary shares of £1 each	£ 3,000	£ 3,000
Issued, called up and fully paid: 3,000 ordinary shares of £1 each	£ 3,000	£ 3,000

The number of ordinary shares outstanding since the company's inception was 2000 shares. In 2016, borrowings from the group company were converted into equity thereby increasing the authorised ordinary share capital by 1,000 at a premium of £15,604 per share resulting to a share premium of £15,604,000. The Company has not distributed any dividend and the bond agreement set some restrictions for distribution of dividend.

12. Borrowings from group company- non-current liabilities

	2022	2021
Payables to:		
Sunborn International Oy	£ 21,996,911	£25,996,911

Borrowings from Sunborn International Oy are secured by the by a second lien mortgage in the company's vessel and repayable on at the request of the lender. Interest accrues at the rate of 1.5% per annum.

The lender has confirmed that they will not seek repayment of the loan within the next twelve months.

In December 2022 £ 4M of the debt liabilities due to Sunborn International Oy were converted into company's equity.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022 - continued

13. Borrowings – non-current liabilities		
Borrowings are analysed as follows:	2022	2021
Wholly repayable within one year	£-	£ 48,694,475
Wholly repayable in more than one year	£ 51,169,764	<u>£ -</u>
Details of loans wholly repayable within five years are as follows:		
5% senior secured bond repayable		
on 5 March 2024	51,699,150	48,979,921
Less: transaction costs	(529,386)	(285,446)
	£ 51,169,764	£ 48,694,475

On 5 September 2017, the Company issued a € Senior Secured Bonds with nominal value of EUR 58 million repayable in September 2022. The Company completed the listing of the Senior Secured Floating Rate Bond to Nasdaq Stockholm on 30 August 2018. The contractual interest is 5 % plus Euribor and the effective interest is 5.67 %.

In a written procedure initiated on 26 June 2022 and closed on 25 July 2022, a requisite majority of the holders of the Bonds gave their consent to certain requested amendments to the Terms and Conditions and extension of maturity for repayment until 5th March 2024. The Company has the right to early repayment also. As a result of written procedure amendment and waivers, amendment fee of 50 bp was agreed to be paid at maturity date.

The bonds are denominated in euros. The bonds shall be fully redeemed on maturity date at nominal amount +4%. The Company has the right to early repayment before 5 September 2023 at nominal amount +2,5%.

The management estimated that the fair value of the borrowings approximates the carrying amounts of the bonds.

Collaterals and quarantee given

The bonds are secured by a 1st lien mortgage in the vessel and the cash held at bank. The bonds are also secured by a floating charge agreement over the assets, rights, intellectual property and revenues including relevant insurances. The bank accounts have been pledged to secure the bond repayments; however, they can be used by the Company in the ordinary course of business.

Moreover, Sunborn International Oy has pledged its shares in the Company and Sunborn Gibraltar Holdings Limited and Sunborn (Gibraltar) Resort Limited to secure the repayment of the bonds.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022 - continued

13. Borrowings – non-current liabilities – continued

Collaterals and guarantee given - continued

As a result of the new Amended and Restated Terms and Conditions Sunborn International Holding Oy has entered into an Additional Guarantee Agreement, as principal obligor, guarantee to the Agent and Bondholders the punctual performance of the Company's obligations under the Bond's Finance Documents.

The bond terms include an asset cover ratio covenant, which requires the Company to maintain the asset cover ratio of minimum 140.0 %. The covenant is calculated based on the market value of the Yacht hotel calculated by approved valuator appointed by the Company and approved by the bond trustee, divided by financial indebtedness of the Company.

The bond terms also include a cash requirement covenant, which requires the Company to maintain the cash minimum of upcoming 3 months interest payment and an interest cover ratio covenant, which requires the Company to generate EBITDA minimum of 1.1 times the net finance charges. Covenants are tested on a quarterly basis.

14. Payables to group companies – current liabilities

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2022

The directors present their report with the audited financial statements of the Company for the year ended 31 December 2022.

Principal activities

The Company's principal activity is that of providing hotel accommodation and, restaurant and bar services to customers.

Results and dividends

The Company made a loss of £62,739 (2021: £338,237) during the year. The directors do not recommend the payment of a dividend.

Review of business and going concerns

The first two months of the year were directly impacted due to COVID-19 due to government travel restrictions in the UK. However, the remainder of the year proved positive regaining in demand to pre-pandemic levels.

The flights into Gibraltar, which correlate strongly to the hotel booking volume, have returned to 2019 levels however flight pricing has met resistance therefore airplanes are not running at full capacity on a regular basis.

Continued inflationary pressures are causing significant increases in costs of materials, labour and rental rates. Management continues to manage pricing as effectively as possible in order to manoeuvre through these volatile market conditions.

In February 2023, the business received the International Environmental Certificate, Green Key, issued by the Foundation for Environmental Education.

After reviewing the Company's forecasts and projections for 2023, the director has a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future.

Key performance indicators

Financial			Non-financial		
× EM	2022	2021			
Total Revenue M£	£10.67	£8.44	YoY Change %	Overall 22	Overall 21
+/- YOY 96	25%	116%	ADR	-4%	2.2%
EBITDAR ME	£3.34	£3.10			
+/- YOY %	8%	70196	Occupancy	26%	87%
Revenue split			RevPar	26%	117%
Rooms Revenue	68%	7196			
Food and Bevarge	25%	2496			
Other	7%	696			

Total revenue positively impacted YoY due to hotel room occupancy up by nearly +8,000 room nights. Revenue split for F&B and other sources continue to improve with strong contributions of meetings and events. KPI's change YoY were overall positive with only ADR falling behind slightly mainly due to the summer months of 2021 which were extraordinarily high.

Directors

The directors as shown on page 1 have held office during the whole of the period from 1 January 2022 to the date of this report.

Statement of directors' responsibilities

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

DIRECTOR'S REPORT - Continued

FOR THE YEAR ENDED 31 DECEMBER 2022

Statement of directors' responsibilities - continued

In addition, the Directors have elected to prepare the financial statements in accordance with Gibraltar Financial Accounting Standards.

The financial statements are required by law to give a true and fair view of the state of affairs of the Company and the profit and loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Gibraltar Companies Act 2014 and other applicable legislation. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Principal risk and uncertainties facing the Company

The Company is exposed to a variety of business and operational risks. The directors believe that appropriate processes are in place to monitor and mitigate these risks and their adverse consequences to the Company. Risks include exposure to market risk (including foreign exchange risk), interest rate risk and liquidity risk.

Disclosure of information to the auditors

The directors have taken all the steps that they ought to have taken as directors in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information. The directors confirm that there is no relevant information that they knew of and of which they knew the company's auditors are unaware.

Auditors

The auditors, AMS Limited, will be proposed for re-appointment at the forthcoming Annual General Meeting.

Hans Niemi Director

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF SUNBORN (GIBRALTAR) RESORT LIMITED

Opinion

We have audited the financial statements of **Sunborn (Gibraltar)** Resort Limited (the Company), which comprise the balance sheet as at 31 December 2022, and the statement of comprehensive income, statement of cash flows and statement of changes in equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2022 and of the company's loss and cashflows for the year then ended;
- have been properly prepared in accordance with Gibraltar Financial Reporting Standards;
- have been prepared in accordance with the Companies Act 2014.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter - Going concern

In forming our opinion on the financial statements, which is not qualified, we have considered the adequacy of the disclosure made in Note 2 to the accounts concerning the Company's ability to continue as going concern. As explained in Note 2 to the accounts, indicate the existence of a possible uncertainty which may cast doubt about the Company's ability to continue as going concern. The financial statements do not include the adjustments that would result if the Company was unable to continue as going concern.

Responsibilities of the directors for the financial statements

The directors are responsible for the preparation of financial statements that give a true and fair view in accordance with applicable law in Gibraltar and Gibraltar Financial Reporting Standards, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF SUNBORN (GIBRALTAR) RESORT LIMITED - Continued

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, design and perform audit procedures responsive to those risks, and obtain
 audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of
 not detecting a material misstatement resulting from fraud is higher than for one resulting from
 error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the
 override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF SUNBORN (GIBRALTAR) RESORT LIMITED - Continued

Report on Other Legal and Regulatory Requirements

Opinion on other matter prescribed by the Companies Act 2014

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Director's Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Director's Report has been prepared in accordance with the requirements of the Companies Act 2014.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the Director's Report.

Matters on which we are required to report by exception

We have nothing to report in respect of the matter where the Companies Act 2014 requires us to report to you if, in our opinion, we have not received all the information and explanations we require for our audit.

This report, including the opinion, has been prepared for and only for the company's members as a body in accordance with Section 257 of the Companies Act 2014 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

1. COMPANY INFORMATION

Sunborn (Gibraltar) Resort Limited (the 'Company') is a private company limited by shares incorporated and registered in Gibraltar. The Company is wholly-owned subsidiary of Sunborn (Gibraltar) Holdings Limited, a private company limited by shares incorporated and registered in Gibraltar.

The address of its registered office is 57/63 Line Wall Road, Gibraltar. The address of its principal place of business is 35 Ocean Village, Gibraltar.

2. STATEMENT OF COMPLIANCE AND BASIS OF PREPARATION

The financial statements have been prepared under the historical cost convention and in accordance with Gibraltar Financial Reporting Standards ('FRS 102').

The Company is also subject to the requirements of the Gibraltar Companies Acts 2014.

The financial statements are presented in Sterling Pounds (£), which is also the Company's functional currency.

Going concern

Due to the continued impact of Covid-19 pandemic in the company's operations during the year, as 31 December 2022, the company made a loss of £62,739 (2021: loss of £338,237) and had net liabilities of £4,111,702 (2021: £4,048,963). The directors have considered the financial projections for the company over the foreseeable future and have also reviewed the ongoing committed financial support from the company's parent undertaking and are confident that this will be available for the foreseeable future.

After making enquiries, the directors are reasonably satisfied that the company has sufficient resources to continue in operation for the foreseeable future, being at least 12 months from the date of signing the financial statements. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

The directors are of the opinion that no asset is likely to be realised for an amount less than the amount at which it is recorded in the financial statements as at 31 December 2022.

Accordingly, no adjustments have been made to the financial statements relating to the recoverability and classification of the asset carrying amounts or the amounts and classification of liabilities that might be necessary should the consolidated entity not continue as a going concern.

NOTES TO THE FINANCIAL STATEMENTS - continued

FOR THE YEAR ENDED 31 DECEMBER 2022

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Turnover

Turnover is measured at the fair value of the consideration received and receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts. Revenue from rendering services is recognised when services are performed, provided that the amount can be measured reliably. Revenue from the sale of goods is recognised on the transfer of significant risks and rewards of ownership, which generally coincides with the time when the goods are delivered to customers and title has passed. Amounts paid in advance of services rendered and goods sold are recognised as deferred income.

Foreign currency translation

Foreign currency transactions are translated into functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the profit and loss account.

Finance lease

Leases of assets that transfer substantially all the risks and rewards incidental to ownership are classified as finance leases.

Finance leases are capitalised at commencement of the lease as assets at the fair value of the leased asset or, if lower, the present value of the minimum lease payments calculated using the interest rate implicit in the lease. Where the implicit rate cannot be determined, the Company's incremental borrowing rate is used. Incremental direct costs, incurred in negotiating and arranging the lease, are included in the cost of the asset.

Assets are depreciated over the shorter of the lease term and the estimated useful life of the asset. Assets are assessed for impairment at each reporting date.

The capital element of lease obligations is recorded as a liability on inception of the arrangement. Lease payments are apportioned between capital repayment and finance charge, using the effective interest rate method, to produce a constant rate of charge on the balance of the capital repayments outstanding.

Operating lease

Leases that do not transfer all the risks and rewards of ownership are classified as operating leases. Payments made under this type of lease are charged to the profit and loss account on a straight-line basis over the period of the lease.

NOTES TO THE FINANCIAL STATEMENTS - continued

FOR THE YEAR ENDED 31 DECEMBER 2022

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Tangible assets

Tangible assets are stated at purchase cost, together with any incidental costs of acquisition less accumulated depreciation. Improvement costs that we believe add value to the company are capitalised as additions and depreciated over the estimated useful economic lives. The estimated cost and accumulated depreciation of replaced or refurbished assets are written off and any resulting losses are recognised in operating expenses. Depreciation is calculated using the straight-line method to allocate their cost to their estimated residual values over their estimated useful lives.

The useful economic life of assets is as follows:

Computers - 3 years
Fixtures and fittings - 3 years
Plant and machinery - 2 to 3 years
Motor vehicles - 3 years

Tangible fixed assets are classified in this category if they acquired principally for the purpose of holding them for the long term. All repairs and maintenance costs, including minor improvement costs are charged to the profit and loss account during the financial year in which they are incurred.

Inventories

Inventories are stated at the lower of cost and net realisable value and comprise materials and consumables.

The cost of materials and consumables is determined on a weighted average basis and includes transport and handling costs.

Where necessary, provision is made for obsolete, slowing moving and defective inventories.

Debtors

Debtors are included in current assets, except for maturities greater than twelve months after the end of the reporting year which are classified as part of fixed assets.

Creditors

Creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Creditors are classified as current liabilities if payment is due within one year or less. If not, they are presented as fixed liabilities. Creditors are recognised initially at fair value and subsequently measured at their recoverable value.

NOTES TO THE FINANCIAL STATEMENTS - continued

FOR THE YEAR ENDED 31 DECEMBER 2022

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Impairment

Assets are subject to an impairment review if there are events or changes in circumstances which indicate that their carrying amount may not be recoverable in full. The impairment review comprises a comparison of the carrying amount of the assets with their recoverable amount, which is the higher of net realisable value and value in use. The carrying value of an asset is written down by the amount of any impairment and this loss is recognised in the profit and loss account in the year in which it occurs. If an external event gives rise to the reversal of an impairment loss, the reversal is recognised in the profit and loss account by increasing the carrying amount of the asset in the year in which it occurs.

The carrying amount of the asset will only be increased up to the amount that it would have been had the original impairment not occurred.

Current and deferred taxation

Where necessary, provision at the applicable rate is made for corporation tax payable on profits for the year, taking into account any available tax losses.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. Timing differences are differences between the taxable profits and the results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in years different from those in which they are recognised in the financial statements.

A net deferred tax asset is regarded as recoverable and therefore recognised only when it can be regarded as more likely than not that there will suitable taxable profits from which the future reversal of underlying timing differences can be deducted.

Deferred tax is measured at the average tax rates that are expected to apply in the years in which the timing differences are expected to reverse based on tax rates and laws that have been enacted by the balance sheet date.

Deferred tax is measured on a non-discounted basis.

Government grants

The company recognises government grants either based on the performance model or the accrual model. They are measured at the fair value of the asset received or receivable. During 2021, the company received £380,907 from the Government of Gibraltar in respect of compensation for the salaries and wages of its inactive employees as defined in the relevant Gibraltar regulation. This amount has been recognised as income in the previous year.

NOTES TO THE FINANCIAL STATEMENTS - continued

FOR THE YEAR ENDED 31 DECEMBER 2022

4. SUMMARY OF SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in an outcome that could require a material adjustment to the carrying amount of the asset or liability affected in the future.

Judgments

In the process of applying the Company's accounting policies, management has made judgments, apart from those involving estimations, which have the most significant effect on the amounts recognized in the financial statements.

Functional Currency

Based on the economic substance of the underlying circumstances relevant to the Company, the functional currency of the Company has been determined to be the Sterling Pounds (£). The Sterling Pounds (£), is the currency of the primary economic environment in which the Company operates. It is the currency that mainly influences the turnover, costs of sales, and the currency in which receipts from operating activities are usually retained.

Operating Leases

The Company has entered into various lease agreements as a lessee. The Company has determined that the lessor retains the significant risks and rewards of ownership of these properties which are being leased out on operating lease.

Estimates and Assumptions

The estimates and assumptions used in the financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of the Company's financial statements. Actual results could differ from such estimates.

Allowance for Impairment of debtors

Allowance for impairment of receivables is maintained at a level considered adequate to provide for potentially uncollectible receivables. A provision for impairment loss of receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. Management's judgment is required in the estimation of future changes to the allowance. The provision is recognized in the statement of comprehensive income.

The carrying value of debtors (excluding prepayments) amounted to £1,105,672 (2021: £990,571). Provision for impairment of financial assets recognized in 2021 amounted to £11,000. No impairment recognized during the year.

NOTES TO THE FINANCIAL STATEMENTS - continued

FOR THE YEAR ENDED 31 DECEMBER 2022

4. SUMMARY OF SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS - continued

Net Realizable Value of Inventories

The Company writes down to net realizable value its inventories whenever net realizable value becomes lower than cost due to damage, physical deterioration, obsolescence, changes in price levels or other causes. A new assessment is made of net realizable value in each subsequent period. When the circumstances that previously caused the inventories to be written down below cost no longer exist or when there is clear evidence of an increase in net realizable value because of changed economic circumstances, the amount of the write-down is reversed (i.e., the reversal is limited to the amount of the original write-down) so that the new carrying amount is the lower of the cost and the revised net realizable value.

The carrying value of inventories amounted to £113,487 (2021: £101,829). No write-down of inventories was recognized in 2022 and 2021.

Estimated Useful Lives of Tangible Assets

The Company estimates the useful lives of tangible assets based on the period over which the tangible assets are expected to be available for use. The estimated useful lives of the tangible assets are reviewed periodically and updated if expectations differ materially from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the tangible assets. However, it is possible that future results of operations could be materially affected by changes in the estimates brought about by changes in factors mentioned above.

The Company estimates the useful lives of tangible assets based on the period over which the tangible assets are expected to be available for use. The estimated useful lives of the tangible assets are reviewed periodically and updated if expectations differ materially from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the tangible assets. However, it is possible that future results of operations could be materially affected by changes in the estimates brought about by changes in factors mentioned above.

The aggregate carrying values of tangible assets amounted to £294,385 (2021: £274,546). There was no change in the estimated useful lives of tangible assets in 2022 and 2021.

NOTES TO THE FINANCIAL STATEMENTS - continued

FOR THE YEAR ENDED 31 DECEMBER 2022

4. SUMMARY OF SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS - continued

Impairment of non-financial assets

The Company assesses at each reporting period whether there is an indication that prepayments (presented under "other debtors") and tangible assets, and other non-current assets may be impaired. Determining the value in use of these assets, which requires the determination of future cash flows expected to be generated from the continued use and ultimate disposition of such assets, requires the Company to make estimates and assumptions that can materially affect the financial statements. Future events could cause the Company to conclude that these assets are impaired. Any resulting impairment loss could have a material adverse impact on the Company's financial position and results of operations. The preparation of the estimated future cash flows involves significant judgments and estimates. While the Company believes that the assumptions are appropriate and reasonable, significant changes in the assumptions may materially affect the assessment of recoverable values and may lead to future impairment charges.

The aggregate carrying values of prepayments amounted to £278,163 (2021: £307,373). No provision for impairment of non-financial assets was recognized in 2022 and 2021.
