Investment property (Yacht hotel)	35 650	37 155	36 402
Total Equity	28 635	29 274	28 479
Borrowings	24 038	29 911	29 307

CEO Hans Niemi

“Hotel operations have been successfully transferred from ISS to Sunborn International (UK) Ltd and H1 has performed largely in line with our budget that from the onset included additional working capital from the ISS Settlement deal to weather out the forecasted impact of Covid 19 in H1. Hotel occupancy rebounded in May after the relaxation of UK restrictions on hospitality. During the period, Sunborn London received 1.34 MEUR (1,47 MEUR in 2019) in lease income from the Operator, Sunborn International UK Ltd. In line with the Amendments to the Bond Terms, Sunborn London made an early bond repayment of 5.0 MEUR on the 17th February 2021. Despite the Covid-19 pandemic the Sunborn London Oyj’s financial performance and debt service capacity is expected to remain stable and the current and future bookings for the Operator are at forecasted levels.”

Financial summary 1 January - 30 June 2021

Sunborn London Oyj (“The Company”) continued to be a SPV with no other purpose than owning and leasing out the Sunborn London yacht hotel. The yacht hotel is leased out to Sunborn International (UK) Ltd, a sister company to the Company, through a bareboat charter agreement with a fixed sum of GBP 195,000 per month in lease.

Due to an announced strategic decision by previous management partner ISS Facility Services to withdraw from UK hotel operations, Sunborn International (UK) Ltd took over the operating responsibilities from ISS after a 3 months’ transition period beginning on the 31st December 2020.

Rental Income for the reporting period was in line with the renewed bareboat charter agreement 1.34 MEUR (1.47 MEUR).

Amendments to the Bond Terms included an early repayment of the bond by 5.0 MEUR, which took place on the 17th February 2021

Book value of the yacht hotel as of 31 December 2020 approximates the fair value of the yacht hotel based on income approach using discounted cash flow analyses. The management has considered the influence of Covid-19 in the fair value and continues to carefully monitor any further consequences of the Covid-19.

Sunborn London Oyj is in process of negotiating various options for refinancing of the bond prior to original maturity.

Operator Financial summary 1 January – 30 June 2021

Management had prepared a transition plan and budget including the impact of the UK Covid restrictions on hotel operations announced and in force until mid-May. During this time, Sunborn London maintained some business and played a role in the government Covid relief efforts from the Nightingale hospital in the Excel exhibition centre producing some revenue streams. Management continued to reduce costs and took advantage of the government Furlough scheme to retain our workforce, keep the operation running and prepare for the eventual lifting of restrictions. During this time, the staffing level was reduced by circa 80 %. Despite the challenging business environment, management was able to secure a cumulative 32 % EBITDA for the period H1 2021.

UK Hotels opened to the general public on the 17th of May. From this point forward, occupancy picked up immediately. The trend continued into the summer with June growing up to 60% occupancy (+24 % more than the local competitive set of hotels and +19 % over the London average). As a show of the strong market position of the Sunborn, RevPar exceeded the London city average by +56% and local comp set by +61 %. The local comp set is comprised of the four largest global hotel companies: Marriott, IHG, Hilton and Accor.

The future of 2021 looks positive with the first two months of H2 experiencing high occupancy and a considerably high ratio of food & beverage revenue with respect to overall revenue at approximately 35-45 %. The occupancy trend remains primarily leisure however the Excel centre is generating events during the autumn months starting in September. Management is already receiving pre-bookings for corporate business travel in the latter end of the year as well as Christmas events.

The hotel maintains high levels of Guest satisfaction ratings reflected by Trip Advisor ranking of 299 out of 1,133, Booking.com rating of 8.7/10, Hotels.com rating of 8.6/10 and Expedia.com of 4.4/5 during the period.

Notable events during and after the end of the reporting period

Amendments to the Bond Terms included an early bond repayment of 5.0 MEUR, which took place on the 17th February 2021.

UK Hotels opened to the general public on the 17th of May. Current occupancy after the reporting period has continued in positive levels. The Company is in process of negotiating various options for refinancing of the outstanding bond prior to original maturity.

Estimated future development

The management has, prior to entering into the Settlement agreement, carefully planned the future business operations including the expected impact and continuation of pandemic restrictions on the hotel's operations and ability to pay rent. Despite the obvious challenges of the pandemic, management believes the property will continue successful operations under the current management and the hotel to be placed in an excellent location, benefitting from the ongoing and continued growth and development of the Royal Docks area and the Excel center. Sunborn UK has transferred all the existing hotel staff and management from ISS and has identified synergies in sales, marketing and costs with other Sunborn properties, expecting to improve overall stabilized EBITDA once the normal trading conditions are restored. Management considers Sunborn UK to have sufficient working capital to weather out the current lockdowns and market conditions have improved during the summer months. Despite the Covid-19 pandemic the Sunborn London Oyj's financial performance and debt service capacity is expected to remain stable.

Short-term risks and uncertainties

The Company's financial risks related to business are market risk including interest rate risk and foreign currency risk, credit risk, liquidity risk and refinancing risk.

The Covid -19 outbreak has severely and negatively affecting the tourism market globally. Prolonged Covid -19 restrictions could further impact the Company's business through continued negative impact on the operator. Prolonged crisis could also in the long term impact the fair value of the yacht hotel the Company holds as investment property.

The Company's bond is maturing for repayment on 29th September 2021. Management views the current high yield market conditions to be less favorable due to the higher industry risk and ongoing pandemic risk but financing to be available subject to terms and conditions. When the Bond Terms were amended, the bond was remeasured by discounting the amended cash flows using the original effective interest rate. The management has applied significant judgement in estimating the contractual cash flows. The management has assessed that it will not use the extension option and will repay the bond at its original maturity date.

The company management considers the ISS Settlement to have improved the credit metrics of the Issuer, lowering the loan to value and interest payment cover ratio, however also removing a long-term third-party lease agreement, which may impact the terms and conditions and availability of certain types of financing. Prior to the early 5 MEUR repayment of the loan, senior secured bank financing was outside expected parameters, but with the current lowered outstanding bond amount at 24.1 MEUR, there are more financing options available including bank debt, sale and lease-back, senior secure bond, private placement and structured financing. On 29th December 2020 the bondholders approved the amendment of the Bond Terms and the company has options to extend the bond maturity by 6 months or alternatively until 5th September 2022, however management is currently implementing a strategy of a full refinancing of the bond prior to original maturity and will assessing the likely success and uncertainty over the coming months.

The Company is exposed to foreign currency risk through rental receivables and future cash flows arising from the lease contract of the Yacht hotel that is denominated in GBP. The management of the company closely monitors the development of the GBP/EUR exchange rate and aims to protect the Company against unfavorable developments at the group level.

Financial risk management carried out by the management of the Company aims to protect the Company against unfavorable developments in the financial markets and ensure the performance. The management review financial risks on regular basis to manage financial risk position and decide on necessary actions.

NOTES TO THE FINANCIAL STATEMENTS

1. General information

Sunborn London Oyj is a public limited liability company (“the Company”) incorporated in Finland. The registered address of Sunborn London Oyj is Juhana Herttuan puistokatu 23, Turku, Finland. Sunborn London Oyj was established on April 30, 2016 through a demerger of Sunborn International Oy. Sunborn London Oyj owns a luxury yacht hotel “Sunborn London” docked at ‘at Royal Victoria Dock in London (“Yacht hotel”), which it has leased to its sister company Sunborn International (UK) Limited (“Sunborn UK”). The hotel operations of the Yacht hotel Sunborn London has been run by management company ISS Facility Services Ltd (“ISS”) in accordance with a management services contract between ISS and Sunborn UK until the end of 2020. In the beginning of the year Sunborn UK took over the operations after the transition from ISS management.

The Yacht hotel is equipped with 138 cabins, including 5 suites, conference and auditorium facilities for up to 100 delegates, restaurant and two bars. The Company had no employees in 2021 and 2020. Sunborn London Oyj’s ultimate parent company Sunborn Oy provides management and administrative services to the Company. Until the end of 2020 Sunborn UK’s sole operations consisted of acting as the lessee and lessor of the Yacht hotel. Since 2021 Sunborn UK’s sole operations consist of acting as the lessee and operator of the Yacht hotel.

On 30th April, 2020, Sunborn Oy transferred its ownership in the Company to a newly established company Sunborn International Holding Oy, which thus became a new parent company of Sunborn London Oyj owning 100 % of the shares of the Company, as well as Sunborn International UK. Sunborn International Holding Oy is a family-owned company based in Finland. Sunborn Group focuses on the development of luxury spa and yacht hotels, restaurants and other high-quality property, and has more than 40 years of experience in the hospitality sector.

2. Summary of significant accounting policies

Basis of preparation

This half year financial report for six months ended 30 June 2021 have been prepared in accordance with International Financial Reporting Standards (IFRS), *IAS 34 interim Financial Reporting*, as adopted by the European Union. The half year financial report is based on the same accounting policies and calculation methods as used in the financial statements for the year 2020, as well as on the new and updated IFRS standards described in the financial statements for the year 2020. However, the half year financial report does not include all the information and notes that are presented in the annual financial statements. As such the half year financial report should be read in conjunction with the financial statements for the year ended 31 December 2020.

The preparation of the half year financial report in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group’s accounting policies. The actual outcomes may differ from these estimates and judgments. The most significant estimates made by the management relating to the accounting policies and uncertainties are the same as applied in the financial statements for the year 2020.

The financial statements are presented in thousands of euros unless otherwise stated. All figures presented have been rounded and consequently the sum of individual figures may deviate from the presented sum figure.

The half year financial report is unaudited.

Going concern and liquidity risk

The Company's financial risks related to business are market risk including interest rate risk and foreign currency risk, credit risk, liquidity risk and refinancing risk. The current Covid-19 outbreak impacts negatively London hotel market and Sunborn London's credit risk and liquidity risk through operator being able to continue operating the hotel, meet its commitments under the Bareboat Charter agreement and Sunborn London Oyj to pay the interest and other payments related to bond.

The Company's bond is maturing for repayment on 29th September 2021. Management views the current high yield market conditions to be less favorable due to the higher industry risk and ongoing pandemic risk but financing to be available subject to terms and conditions. When the Bond Terms were amended, the bond was remeasured by discounting the amended cash flows using the original effective interest rate. The management has applied significant judgement in estimating the contractual cash flows. The management has assessed that it will not use the extension option and will repay the bond at its original maturity date.

The company management considers the ISS Settlement to have improved the credit metrics of the Issuer, lowering LTV and interest payment cover ratio, however also removing a long-term third-party lease agreement, which may impact the terms and conditions and availability of certain types of financing. Prior to the early 5 MEUR repayment of the loan, senior secured bank financing was outside expected parameters, but with the current lowered outstanding bond amount at 24.1 MEUR, there are more financing options available including bank debt, sale and lease-back, senior secure bond, private placement and structured financing. On 29th December 2020 the bondholders approved the amendment of the Bond Terms and the company has options to extend the bond maturity by 6 months or alternatively until 5th September 2022, however management is currently implementing a strategy of a full refinancing of the bond prior to original maturity and will assessing the likely success and uncertainty over the coming months. Details of amended terms and conditions of the bond are available on <https://new.stamdata.com/app/issue/NO0010775141>

3. Rental income from related parties and other income

The Group's rental income consists of rental income from Sunborn UK with a fixed sum of GBP 195,000 per month in lease. Bareboat charter agreement is in force until terminated by either party subject to six months' prior notice. In 2019 the period for which the lease payments were presented are based on the term of the contract between ISS and Sunborn UK.

Future minimum lease payments are translated at exchange rate prevailing on each balance sheet date as follows:

EUR thousand	30 Jun 2021	30 Jun 2020	31 Dec 2020
Within 1 year	-	2 828	651
Between 1 and 2 years	-	2 828	-
Between 2 and 3 years	-	2 828	-
Between 3 and 4 years	-	2 828	-
Between 4 and 5 years	-	2 828	-
Later than 5 years	-	10 839	-
Total	-	24 977	651

Sunborn UK has paid in December 2020 in advance the 3 months' lease payments, so the 2020 table above only reflects the lease payments for 3 months 'period. Other income in 2020 relates mostly to the one-time settlement exit fee from Sunborn UK due to the termination of contract with ISS.

4. Investment property

The Group presents as investment property its investment in a Yacht Hotel that is leased out under operating lease and it is operated as Yacht hotel Sunborn London Sunborn International (UK) Ltd. The investment property is carried at cost less any accumulated depreciation and any accumulated losses. Fair value of the yacht hotel as at 30 June 2021 has been estimated to be EUR 35 million (31.12.2020: EUR 37 million). The fair value has been determined based on income approach using discounted cash flow analyses. The fair value measurement is based on unobservable inputs and accordingly, is classified in Level 3 in the fair value hierarchy. The volatility in the fair value is due to the impact of the takeover of the operations from ISS to estimated cash flows and from the fluctuation of the GBP/EUR exchange rate. Fair value of the yacht hotel as at 30, June 2021 approximates the book value of the yacht hotel. The management has considered the impact of Covid-19 in the fair value and continue to carefully monitor any further impact of the Covid-crisis on the fair value and thus possible impairment of the Yacht Hotel.

The Yacht hotel is registered in Finland but located in London, United Kingdom, where it is leased under a Bareboat Charter agreement to Sunborn UK. Sunborn International (UK) Ltd is responsible for the management.

The deferred income recognised in the balance sheet relates to payments received from the previous operator ISS to renovate and repair the Yacht hotel before the commencement of the lease in 2014. Costs of renovation are included in the fair value of the Yacht hotel. The deferred income is recognised as other income over the time of the depreciation of the improvements.

Net book value at June 30, 2021	35 650

Rental income and direct operating expenses related to Yacht hotel recognised in the comprehensive income statement are as follows:

EUR thousand	1 Jan – 30 Jun 2021	1 Jan – 30 Jun 2020	1 Jan - 31 Dec 2020
Rental income	1 341	1 467	2 675
Direct operating expenses from property that generated rental income	64	64	121

5. Equity

Number of the shares has been 200 shares since the establishment of the parent Company. Shares have no nominal value.

6. Borrowings

EUR thousand	30 Jun 2021	30 Jun 2020	31 Dec 2020
Non-current:			
Senior secured bond	-	29 207	-
Current:			
Senior secured bond	24 038	704	29 307
Total	24 038	29 911	29 307

As at 26 September 2016 the Company issued senior secured bonds with nominal amount of EUR 32 million to certain qualified institutional investors mainly to finance the existing debt of its sister company Sunborn UK in the amount of EUR 23.8 million and to provide additional financing to its parent company Sunborn Oy in the amount of EUR 6.5 million. The amount of EUR 0.88 million equivalent of 6 months interest was deposited in a reserve account in the bank (cash collateral). The remaining proceeds were used for general corporate purposes.

The Bond Terms were amended on 29 December 2020. Amendments to the Bond Terms include early amortization of the outstanding bond by 5.0 MEUR, which took place on the 17th February 2021. The remaining proceeds from the Settlement remained in the hotel operating company Sunborn UK to handle working capital needs. Amendments also include

- an option to extend the maturity of the bond by 6 months for extension fee of 4% (€0.9M) or up until September 2022 with extension fee of 8% (€1.9 M).
- an interest coverage ratio covenant, which requires the Issuer to generate EBITDA minimum of 1.1 times the net finance charges

- Sunborn International Holding Oy becoming a Guarantor
- the ability to use any government funding programs in the operating company (unsecured) if available with a limit of EUR 2 million.

The bonds are repaid by the Company in 5 instalments (with extension in 6 instalments) and the remaining amount will be fully redeemed on maturity date at the nominal amount (with extension option at a price of 108 % of the nominal amount on the new maturity date). The contractual interest is 5.5 % plus 3-month Euribor. The effective interest rate is 6.15 %.

The management estimates that the fair value of the bonds payable approximates the carrying amount, as interest rates have not changed much and the management estimates that the credit standing of Sunborn London has not changed significantly from the issue date. When the bond terms were amended, the bond was remeasured by discounting the amended cash flows using the original effective interest rate. The management has applied significant judgement in estimating the contractual cash flows. The management has assessed that it will not use the extension option and will repay the bond at its original maturity date. Accordingly, bond extension fees are not included in the modified cash flows

Issuer Sunborn London Oyj reports it is in process of negotiating various options for refinancing of the bond prior to original maturity.

Collaterals and guarantees given

The bonds are secured by a 1st lien mortgage in the Yacht hotel and the cash collateral in discussed above. Moreover, the issuer has pledged all cash flows generated by the lease agreement on the Yacht hotel, as well as the loan receivable from the parent company and other intragroup receivables. The normal bank accounts have been pledged to secure the bond repayments; however, they can be used by the Company in the ordinary course of business.

The bonds are also secured by an on-demand guarantee from Sunborn UK, which were issued under the bond agreement and by a 1st lien floating charge registered on the Company's movable property in accordance with the Floating Charge Act. Until the end of year 2020 Sunborn UK's sole operations consisted of acting as the lessee and lessor of the Yacht hotel. Since 2021 operations consist of acting as the lessee and operator of the Yacht hotel. Its revenue consists of rental income and 2021 forward operational hotel income. Also, Sunborn UK's cash flows and receivables, as well as their bank accounts have been pledged as security of the bonds.

As explained above, the amendments to the bond terms introduced an interest coverage ratio covenant for Sunborn London Oyj EBITDA to Net Financial charges of 1.1 to 1.0 ratio and Sunborn International Holding Oy was added as guarantor for the bonds.

7. Related parties

Transactions with related parties

Sunborn Oy has transferred as a contribution in kind its business operations relating to the yacht hotel business to Sunborn International Holding Oy, which became the direct owner of the Group on 30 April 2020.

Related parties are the ultimate parent company Sunborn Oy, the direct parent company Sunborn International Holding Oy, other Sunborn Group entities, the board of directors and key management of the Group and the Board of Directors and management of the parent company, together with their close family members, and companies controlled by these individuals.

The following table summarises the Group's transactions and outstanding balances with related parties during or at the end of the years presented:

The rental income arises from the Bareboat Charter agreement related to the Yacht hotel with Sunborn UK. This agreement is in force until terminated by either party subject to six months' prior notice. The Group has paid management fee to Sunborn Oy and Sunborn International Oy and received interest income from Sunborn International Holding Oy. The interest income arises from the loan granted to the parent as described below.

The intercompany receivable from the parent company Sunborn Oy in September 2016, and legally transferred to the new parent company Sunborn International Holding Oy in April 2020. The loan receivable accumulates interest income at 6.1 % p.a. and is recognised as receivable from the parent company. Fair value of the loan receivable approximates its carrying amount, as interest rates have not changed much, and the management estimates that the credit standing of the debtor has not changed significantly from the issue date.

The lease receivables from Sunborn UK amounted to approximately EUR 3.2 million on 30.6.2021 (EUR 3.2 million on 31.12.2020).

Sunborn UK and Sunborn International Holding td have guaranteed the senior secured bonds of the Company. Detailed information on the guarantee is described in note 6 Borrowings.

8. Events after the reporting date

Refinancing negotiations are ongoing with several parties and the company is exploring various refinancing instruments.

Sunborn International Holding Oy received full permanent planning permission for developing a new yacht hotel in the current site. This provides a foundation for long term development of the UK business.
